

Working
together as
ONE for a
better future.

Investing in Our Local Communities.

At USI, we are proud of the deep roots we have in our communities. With agency offices dating back more than 150 years in their local neighborhoods, our teams have a passion for getting involved and helping others who are in need.

We have created a unique and thoughtful corporate social responsibility program that aligns with our core values and makes a positive difference in the neighborhoods where we live and work. We call this “USI Gives Back,” an annual campaign where everyone comes together as ONE to invest their time, talent and treasure in local community service throughout the year – with a particular emphasis during the month of August. USI Gives Back is about saying thank you to the communities that have been so instrumental in helping us grow.

Since the program’s inception in August 2014, more than 10,000 employees have come together across USI’s 200+ offices to volunteer during USI Gives Back—assisting thousands of organizations and impacting over 2.7 million lives. Our local offices have worked with food banks and depositories, animal rescue shelters, senior centers, women’s crisis shelters, Title 1 schools, homeless rescue missions, beautification projects, local zoos, parks and beaches – just to name a few.

With local offices spread across the country, a national volunteer effort is logistically challenging. Furthermore, our local communities have diverse needs. Through USI Gives Back, each office engages in a project meaningful to them in coordination with our over-arching campaign. This unique approach has increased local employee engagement and maximized our impact.

USI is privileged to have passionate and caring individuals in our offices who come together to solve problems, both in the marketplace and in our local communities.
